

Licensed Architect/Designer

TLCD Architecture is seeking an experienced licensed Architect to join our downtown Santa Rosa office. TLCD is involved with a variety of interesting and exciting educational, healthcare, civic and urban infill projects throughout Northern California.

Job Requirements:

- Licensed Architect with excellent Design and Technical Skills.
- Good written and verbal communication skills.
- Works well in a collaborative team environment.
- Ability to work comfortably with clients and consultants to produce well coordinated documents.
- Revit Experience.

Duties:

- Ability to manage entire scope of major projects including schematic design, construction documents, specifications, agency approvals, bidding and construction.
- Responsible for coordination of consultant and engineering documentation. Oversees, schedules and reviews all work by consultants.
- Communicates effectively with management, staff, clients and others on a regular and established basis.
- Sees the big picture while focusing on details and solutions for a smooth flowing project.
- Lead existing urban infill projects.
- Oversee detailing and research on technical aspects of document production.

TLCD Architecture is an award-winning, full service architectural firm. Our team of 40 architects and collaborators are engaged in exciting and complex projects for responsive clients in the public and private sector. We are in a dynamic period in our development, culturally and professionally and offer a stimulating work environment.

The firm is pleased to provide a generous compensation package that includes competitive wages, paid time off, 401(k) with company match and profit sharing. We pay 100% of the employee's health, dental and vision premiums, and offer different health care plan options.

TLCD Architecture fosters a culture of communication and learning. In addition to an extensive professional development program we have regular Discussion Group lunches, Wine Wednesday gatherings and many community-related activities.
