

ABOUT TLCD ARCHITECTURE

WHO WE ARE: TLCD Architecture is a design firm with a fascination for the creative possibilities of architecture. While we strive for innovative design, our 50+ years of experience as a leading regional architecture firm is well grounded in the pragmatics of building. In this way our design teams find a balance that our clients appreciate.

HOW WE WORK: We value the premise that each project is unique and driven by client goals, design opportunities and unique challenges. Design teams work in a lively and interactive environment using progressive software programs and current technology. We also rely on pencil sketching, fat pen diagrams and models, which bring a hands-on quality to our process.

WHERE WE HANG OUR HAT: Our location 55 miles north of San Francisco affords us the opportunities of a regional community practice with the resources of the greater Bay Area close at hand. Sonoma County is a great place to live and work, and is our launching pad to projects and clients throughout Northern California.

ABOUT OUR BENEFITS: TLCD places emphasis on professional growth and supports learning through continuing education programs. Health, dental, vision and disability benefits are offered for full-time employees as well as a 401k plan, paid holidays and PTO. Informal learning opportunities are combined with social time at our weekly Wine Wednesday while seasonal events provide time for folks to get to know each other better.

ABOUT THE PROJECT MANAGER POSITION
